

**Better Life Pharmacy**

Better Prices. Better Service. Better Rewards.

**Membership rewards programme helps makes Better Life Pharmacy an even better place to get prescription drugs**

To better service its customers Better Life Pharmacy has introduced Better Life Rewards.

The programme is designed for those customers that regularly need to fill or refill prescriptions, and provides better benefits for the more purchases they make.

Customers pay nothing to join and there are no ongoing membership costs, in fact, rather than costing customers more the programme is designed to save them more money.

Already the prices at Better Life Pharmacy are amongst the most affordable available, and when customers apply their reward points they can enjoy even greater savings.

The programme rewards registered members with up to one point for every \$10 US they spend. With every point worth \$1US they can then be redeemed to reduce the cost of future orders.

Members of the Better Life Rewards also receive all the benefits of membership, which include access to exclusive specials, their own home page and priority order processing.

To find out more or to register for the Better Life Rewards Programme simply visit the members section of [betterlifepharmacy.com](http://betterlifepharmacy.com) today.

The new programme is another reason why customers are better off at Better Life Pharmacy.
